

Rainbow Fish Weekly Newsletter

Friday 10th October 2025

Welcome to our weekly Rainbow Fish newsletter. Each week we will let you know what we have been busy learning during the week and give you three short tasks to compete together.

Dates to remember...

- PE day is Tuesday
- Forest School day next week TBC
- Visit to St Mary's Church next Wednesday afternoon for RWE
- 17th October Harvest Festival at St Mary's Church at 1.30pm.
- 22nd and 23rd October Parents' Evenings.
- 10th/13th November: Lantern Workshops after school

This week we have...

- Learned about the present and talked about the people that are important to us.
- At Forest School, we sequenced pictures to show how we got ready and travelled there. We talked with a partner to agree on the order.
- We played Subitising Bingo and made the shapes of Numberblocks 4 in maths.

Revise:

We know that sequencing means putting in the order that things happened starting from left to right.

Sequence 5 things you have done today in the correct order.

Revisit

Use the rhyme, to write the 'h' correctly.

'Down the head to his hooves and over his back'.

Down the head,
to his hooves and
over his back.

Ready

Go on a sound hunt around your house, garden or on a walk. What can you find beginning with these sounds:

r, j, v, y, w

You may have to look really hard as these are trickier sounds to find. For example, you may see a rabbit for r.

Take a photo of the things you find beginning with r, j, v, y, w and post on Tapestry.
